We distribute to over 100,000 homes and businesses on a monthly basis via our publications and leaflet distribution service

About CreateTVT

In 2006 our first publication was launched. Today we have a thriving marketing company including six successful advertising publications.

We are your 'marketing partner' working with you to determine the route which will be most effective for your business. There is no 'one size fits all' when it comes to marketing.

We specialise in all things marketing including community-based publications, as well as graphic design, printing, distribution, garments, social media and the list goes on.

Our publications comprise of Selby Journal, Our Goole, Tadcaster Echo, Scunthorpe Journal, Doncaster Echo and Thorne Local. Combined, our magazines reach over 100,000 homes and businesses and are delivered by our own fully uniformed and GPS-tracked distribution teams.

People use our publications when they want to discover what's going on in their local area, find trusted suppliers and tradesmen or to read about local feel-good stories.

Our distribution services currently cover Yorkshire and we are now breaking into Lincolnshire too. Our areas are Selby, Goole, Tadcaster, Wetherby, Sherburn-in-Elmet, Scunthorpe, Doncaster, York, Beverley and surrounding villages. Other areas can also be covered upon request.

Our registered office is based in Selby, North Yorkshire.

We are passionate about the marketing services we offer and we feel honoured every time a business entrusts us to communicate their message to the world.

Cost-effective marketing is what we know, and we know it well. We make a conscious effort to understand every business and individual we work with – we want to get to grips with your product or service, and the exact nature of the message you want to communicate.

Only then can we offer you the advice you need to take your marketing and messages to the next level. Why not give us a call and find out how we can help you – whether it's a simple but effective advert in one of our publications, a leaflet design and drop, or new business cards which communicate just how fantastic your business is.

CreateTVT - Your perfect marketing partner

Advertising Specifications

You will receive a larger response rate by running a smaller advert over a longer period rather than running a full page for one edition.

It is a well-known fact in the advertising industry that the key to a successful advertising campaign is longevity.

At CreateTVT its not about trying to sell you the largest advert, its about offering you the best advice possible and in turn giving you the biggest return for your money.

Readers and potential customers like to see consistency. This is where the reader's trust is gained and potential customers are more likely to pick up the phone and make that call to action.

This is where a lot of companies fail due to placing a one-off advertisement and not continuing if they haven't received numerous leads.

As standard we always try and push the three-edition rule. We have found this to be the most successful way of advertising and this also gives you a true reflection on leads produced.

Our three-edition rule:-

First edition	readers see your advertisement
Second edition	readers recognised your advert from the previous edition
Third edition	readers see you're here to stay and make that call to action

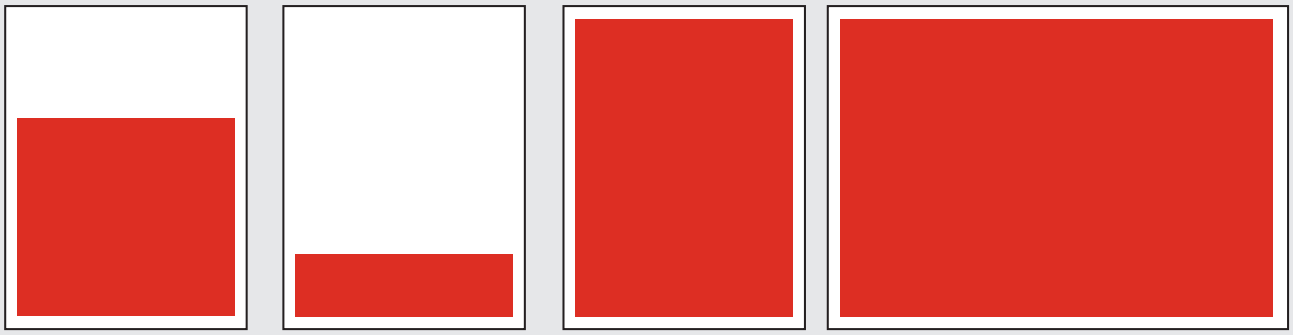

Continuous advertising is advisable where funds allow.

Jos. Richardson & Son began trading in 1892 when founder Joseph Richardson set up his own company to deliver coal to the local area. The first barge load of coal was discharged at Blacktoft and sold to local farmers and villagers. The business prospered and before long the company was delivering coal to the North and South banks of the Humber (now East Riding of Yorkshire). Prominent customers in these times were the Gas works of Hull and Goole as well as Earl's cem works near Hull.

We distribute up to 1 million leaflets on a monthly basis via our leaflet distribution service

Because the fight for the inbox is greater than the letterbox

***** Five-star rated distribution company

Leaflet Distribution

We have monthly leaflet distributions available across Yorkshire and Lincolnshire with other areas upon request.

Leaflet distribution is a cost-effective direct marketing strategy used by businesses to promote their events, products and services to a defined geographical area.

All our leaflet distribution is carried out by our very own fully uniformed and GPS-tracked distribution team who are vetted to the highest standard.

If you are requiring a targeted leaflet campaign or have a couple of thousand spare leaflets lying around, now is the time to get in touch.

With all of our leaflet distribution we don't bundle leaflets inside each other or inside booklets, every leaflet goes on top of each other and through the door separately - giving that potential customer the best chance of reading your materials.

We regularly cover all the areas with the magazines, the maps for these can be found on pages 6-15, where you can choose to cover the full distribution, specific postcode sectors or individual areas.

As well as the magazine areas, we also regularly cover a number of other different areas which you will find on pages 26-27. There is also one-off distribution which you can find on our Facebook @ createtvt1.

How it works:

1. Choose the areas you wish to target.

2. You deliver your materials to us or we can arrange collection prior to distribution.

3. We ensure your materials are distributed within the timeframe agreed... it's as simple as that!

If you choose to go out alongside one of our publications this has a capped delivery for only six companies.

Once a distribution is booked we will not sell a competitor into the same distribution.

Minimum booking is 3,000.

If you would like to be kept up-to-date with our monthly distribution availability, email info@createtvt.co.uk with the subject 'Distribution availability' and we will send you a monthly breakdown.

What our clients say about us

Highly recommend

Have used CreateTVT for over a year now and I have to say the service they provide has helped to drive my business forward. Would highly recommend, nothing is ever too much.

Karen Bell - EweMove

Definitely use again

Just wanted to say thank you, all the staff here have received their newspaper and I have even had customers call to say they have received theirs, so I am really pleased that (for once) a canvassing drop I have paid for has actually been delivered, so will definitely be using your services again.

Karen Armitage - Hunters Estate Agents

Never disappointed

I've been using CreateTVT for leaflet dropping and advertising in some of their publications for years now and I can't fault them. All you really want from your partners when you are running a business is for them to do what they said they would, and Lisa and her team have never disappointed or let me down. As well as that, they are pleasant to deal with.

Tony Gilpin - Rooms For All

Fantastic support

Lisa and her team have provided excellent marketing opportunities and materials for our business. Everyone's email boxes are now full and letterboxes empty so we thought that along with the fantastic support of CreateTVT we would reverse that trend; and it worked!

David Leake - Housesetc

A great service to their customers

An excellent business to work with offering a great service to their customers. Lisa is very helpful and I wouldn't hesitate to recommend CreateTVT to anyone.

Steve Clamp - Graham & Brown

A big 5* and a thank you from me

CreateTVT have just created some fabulous new business cards for my new venture. They couldn't do enough to ensure they were exactly as I wanted them, I love them. I cannot recommend CreateTVT enough and will definitely be using them again. A big 5* and a thank you from me.

Bianca Schofield - Clever Canine

Always provided an exellent service

We have worked with CreateTVT for several years now using their distribution services for our clients. They always provide an excellent service through from quotation to final distribution. Would have no hesitation in recommending them.

Jon Cawkwell - Hero Design & Marketing
